POSTAL REGULATORY  
COMMISSION  
OFFICE OF THE SECRETARY

Dear Sir or Madam:

I am appealing the closing of Climax Post Office. I had a petition with about 297 signatures on it of people that do not want the climax post office to close. I was going to put it in for the appeal and someone took it and supposedly mailed it to Nadine Tremblay under comments. Now I don't have it to send to you for the appeal. I do have this petition that was at \* another spot in town. There are about 400 people all together that have signed altogether that don't want the climax post office to close. We would rather have the Earlton post office close because that is out of the way for just about everyone, climax is on the way to coxsackie for shopping and getting gas and etc. I can't believe you got 400 people that sign to tell you not to close and they still want to close it. That's a lot of votes.

I called Nadine Tremblay to find out if she really got the whole petition or not and she told me I had no right to put a petition out about stopping the closing of the climax post office!!! She wanted to know why I did that????!!!! She said I never should have had it in the climax post office. I told her I did it because not everyone could make the meeting and the town people asked me to put it out so they could get there voice heard. She told me I had no business doing it, and she did have it on file. She was very rude to me and yelling on the phone to me about how I didn't have the right to do that. I believe I have the right to put a petition anywhere. What happened to our freedom of press and our freedom of free speech?

So I guess what we the people want doesn't matter to her. I hope it matters to you. Please do not close the climax post office in Greene County. Close somewhere Elsa there is too many people that count on this post office to close it. You should make Tracy the post master of it and everyone will be happy. Instead Tracy is losing her full time job and they degraded her as a sub now. What is this world coming too? I hope you the Postal Regulatory Commission can make this right.

Keep the Faith,

Sue Keeler
